

Merry Go Blue

STONER RIDGE FARM

Breeder's and Trainers of International and World Champion Mountain Horses

Merry Go Blue is an outstanding black stallion by Blue Mountain Rumbo who was by Tim. He will be an excellent out-cross from the traditional Mountain Horse lines and will support genetic diversity in your stock. He has beautiful conformation and an unbeatable disposition. His elegant arching neck and deep stride will enhance your foals. Even though he is the 2006 UMH World Grand Champion Classic Pleasure horse, you can still ride him bareback with a halter. He has several wins to his credit including the 2009 Mountain Pleasure World Champion Conformation Award. If you want power, stride, and dependability in your foals, you will want to breed your mares to World Grand Champion Merry Go Blue.

Registered:

- American Gaited
